Is there really MORE THAN MEETS THE EYE at Hughes High School? Actually, there is even MORE than what our eyes really observe. From a distance, the outer environment of Hughes High is just thousands of bricks compiled squarely together with roofs covering the tops of them. Is that what Hughes High School is? Well, the 1990-1991 school year has proved this wrong. Throughout the school year, many events, feelings, and memories flourished the HHS campus. Events, feelings, and memories that only Hughes High School students can experience. The students experience feelings such as bad and good grades, school spirit, and the feeling of achievement. With these feelings, students may develop memories, memories that the 1991 graduating class will have for the rest of their lives. Hughes High School students will always remember their high school years, especially a graduating class. They will realize how much Hughes High School has made them become more mature and how to face the world. Most of all, they will realize, that at Hughes High School there is . . .

More Than Meets the Eye!

The 1991 Blue Devil Dedication

Our dedication this year is to a very familiar face. We have ALL at one point seen her face or heard her voice. Mrs. Lethia Cupples is the secretary in the High School Building. She thinks the students are good and very friendly. Mrs. Cupples attended Hughes High and was active in the band. She thinks it is a good school. Ms. Cupples has been a Hughes resident all her life.

Mrs. Cupples' main interests included cooking, gardening, and shopping. She would some day like to own her own catering business. Mrs. Cupples' job is one that keeps her very busy. She dedicates much of her time and effort to helping many students throughout each day. Her job is truly "More than meets the eye." With this in mind, we . . .

Lovingly Dedicate This Annual to Mrs. Lethia Cupples

A DECEMBER WARNING

Earthquakophobia rocked the Mid-South area in 1990. Iben Browning, a New Mexico scientist, predicted that the New Madrid fault could experience a quake ranging from 7 to 7.25 on the Richter Scale on December 2 or 3. Frightened people began to stock up on food, earthquake insurance, and survival kits. Superintendents also announced school closings for the two days, including Hughes High School. The predictions frightened the student body, along with the threat of war. However, the earthquake did not happen... but the war did. Fortunately, our school did not fall, or even shake on the predicted dates, although the "Big One" can happen any time. Scientists complimented Browning for his predictions, for they accomplished what the other scientists tried to do in six years. It took him only six months to raise awareness.

Friday, October 19, 1990 was Hughes High School's annual Homecoming football game. The Hughes Blue Devils were victorious over the Marvell Mustangs, 55-6. The Devils had a lot of spectators, and at school there was a lot of school spirit and pride. The theme for this week was "Devil Time, Can't Touch This." It was taken from the lyrics of a song, "Can't Touch This," which was written by M.C. Hammer. This simply means no one can touch the Devils. The Queen and Maids have a special part in this week also. They are praised in this week, for all their love, support, and great ambition which made "Devil Time, Can't Touch This" the right theme for our Homecoming.

Night
October 8, 1990

College Night was held at Hughes High School on October 8, 1990. Several colleges came with information for those students pursuing "higher education" after high school. The colleges present brought information on housing, scholarships, financial aid, etc. The night proved to be not only helpful, but also very educational.

In November, 1990, the Hughes High School Art Club was commissioned by the HHS cheerleaders to put a new look in the new gym. The members of the Art Club were given the opportunity to submit designs to be used on the gym. Michael Sanders' design of a Blue Devil was selected, along with his lettering design of "HHS Blue Devils." Later, the project was approved by the administration. Immediately, the artists began their work, painting the designs on each end of the gym walls. The members who did the artistic work were Michael Sanders and Antoine Burks, along with Mrs. Mona Taylor, club sponsor, and Coach Charles Patrick. The new highlights sparked the appearance of the new gym as it develops school spirit and pride for the whole community.

CONGRATULATIONS GRADS

Kristi

This year has been a very rewarding and challenging experience. I have enjoyed being editor of the 1990 Blue Devil annual. I would like to say a very special "Thank You" to Ms. P. and the annual staff . . . I could not have done it without you. It has been a pleasure working not only with the annual staff, but also with the student body and school faculty. We have made every effort possible to provide you with a lasting memory of yet another year at Hughes Public Schools. I hope that we have been able to illustrate with this annual that there is "More Than Meets the Eye."
